

Dear healthcare provider,

The Baby Formula Grant is designed to support the feeding experience of those who are unable to breast feed due to breast cancer or risk of breast cancer. A one-time grant of \$1,500 will be allocated to selected individuals to offset the cost of infant formula.

Program eligibility includes:

- Those who have undergone a double (bilateral) mastectomy due to a breast cancer diagnosis and cannot breastfeed as a result **OR**
- Those who are in active treatment for breast cancer (all stages) and cannot breastfeed as a result **OR**
- Those who have had a preventative double mastectomy due to high-risk genetic predisposition and cannot breastfeed as a result **OR**
- Those who have had a baby through surrogacy after a breast cancer diagnosis **OR**
- Those who have adopted a baby after a breast cancer diagnosis **OR**
- Those who have an infant with their partner who has passed away from breast cancer

AND

- Must have signed this letter of confirmation from a healthcare professional.
- Currently pregnant or within a 6-month postpartum period
- Canadian citizen currently residing in Canada

Please provide the following information to confirm program eligibility:

1. Date of applicant's diagnosis (if applicable):
2. Date of applicant's surgery (if applicable):
3. Healthcare provider designation:
4. Healthcare provider name:
5. Healthcare provider signature:
6. Healthcare provider workplace address:

Thank you for providing this information. If you have any questions about this form or would like further information about this program, please email support@rethinkbreastcancer.com.

Sincerely,

Alyson Geary, Lead of Impact Partnerships, Support + Community Powered Projects
